IT'S SIMPLY TIME FOR CHANGE

How it all began...

Disturbed by scenes of wildlife harmed by the tons of plastic waste disposed worldwide, KMH Touches decided it was time to offer a small way to begin to minimize the damage.

The goal at KMH Touches is to create and distribute new and innovative zero-waste dental products. Our current focus is zero-waste floss and toothbrushes.

THE ORIGINAL ZERO WASTE FLOSS!

Launched in Canada in 2017

- Refillable mini mason jar
- 40m of pure biodegradable silk floss
- Lightly waxed with candililla wax
- Compostable
- 100% USDA BioBased content
- Exclusive cutter design

FLOSSPOT™ SILK

- Compostable

Cartons stand up in tray or hang from peg

Brush with Bamboo™
(CANADA)

BAMBOO IS BETTER

Better for the earth, better for life.

Approximately 99% of toothbrushes in use today are made of unrecyclable, non-biodegradable plastic that inevitably end up in landfills or oceans where they never break down.

Naturally anti-fungal, anti-microbial, anti-bacterial, and fully compostable bamboo is the clear choice for a healthy and sustainable toothbrush.
